

# Free NSE core Upgrade Offer

*With the purchase of 2 years License & Support!!!*

## **SPECIAL UPGRADE OFFER FOR AG3100 or AG5500 CUSTOMERS WITHOUT CURRENT SUPPORT SERVICE**

Due to popular demand Nomadix is re-issuing this promotion. Our intent is to encourage our customers to always transition their installed gateways to the latest version of the NSE software.

This promotion waives the Core Software Upgrade fee – a **\$395 to \$995 value depending on platform**, for customers who purchase 2 years of Software License and Support. This promotion entitles you to receive a core software upgrade to the latest software version release at no charge, with the purchase of 2 years Software License and Support. The core upgrade is subject to the End User License Agreement applicable to the latest software release. The terms will require an annual renewal thereafter the new expiration date.

This promotion will be offered **through December 31, 2010**.

Nomadix Software License and Support Services includes, software maintenance of NSE software releases, 24/7 access to technical support, web based services, and advanced hardware replacement. The Nomadix Support Services policy is available at [www.nomadix.com/support](http://www.nomadix.com/support) for your review.

### **CONDITIONS OF PROMOTION TO PARTICIPATE:**

- Reference NSP# 611
- Order 2 annual license & support per gateway.
- And receive 1 Free core upgrade.
- Submit the registration form with your order. Please allow **14 days** for confirmed receipt via email.
- Once confirmed, arrange to upgrade your NSE with Nomadix Support: Both US and International Customers use **1-818-575-2590** option 1 or email [support@nomadix.com](mailto:support@nomadix.com)
- Nomadix End User License Agreement terms apply to the new software core upgrade.
- Promotion may not be combined with any other offer.
