

AG 3000 and AG 5000 EOL Product Notice

December 23, 2008

Dear Nomadix Customer

This letter is to inform you that Nomadix is announcing the End of Life (EOL) for the AG 3000 and AG 5000 Access Gateways effective June 30th, 2010. Last shipments of these Gateways were Q2 2007. In June 2007, the AG 3100 and AG 5500 replaced the AG 3000 and AG 5000 respectively.

The AG 3100 product has the same 1U specification as the AG 3000 and fits in a standard 19 inch rack. The AG 5500 product has a different form factor from the AG 5000 and includes additional memory and a faster processor. The AG 3100 requires use of supplied mounts to fit in a 19 inch rack. The AG 3100 and AG 3000 are functionally equivalent platforms and serve the same market. The AG 5500 and AG 5000 are functionally equivalent platforms and serve the same market.

As part of this AG 3000 and AG 5000 EOL transition, please note the following important dates:

- Final Date to purchase NSS Support Contracts - June 30th, 2009
- Final date to purchase add on modules (CC, PMS, HA) – December 31st 2009
- Final Date to purchase user count upgrades – June 30th, 2010
- Final Date for technical support and firmware upgrades (bug fixes etc.) – June 30th, 2010

For more information, please refer to the EOL Policy Statement on the Partner Extranet Site, <http://www.nomadix.com/partners/extranet> under the Sales Tools/Policies and Pricing section (Channel Partner login is required). Any questions may be directed to the following Nomadix departments.
